PRINTED ON RECYCLED PAPER

**Wyden, Ron(D-OR) Energy and Water Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Seeds for the Sol	Funding would be used to expand Oregon's energy efficiency incentives to underrepresented and Low-to-Moderate Income (LMI) homeowners by providing zero interest loans to LMI clients for solar, hybrid water heaters and ductless heat pumps.	Benton County OR	\$1,500
U.S. Army Corps of Engineers	Funding would be used for dredging maintenance along on the Skipanon Channel to support economic development and job creation.	Clatsop County OR	\$1,179
U.S. Army Corps of Engineers	Funding would be used for dredging maintenance in Coos Bay to support economic development and job creation.	Coos County OR	\$10,528
U.S. Army Corps of Engineers	Funding would be used for a survey of the Coquille River jetties, as well as for wave model development, to support economic development, public safety, and efficient transit.	Coos County OR	\$320
Bureau of Reclamation	Funding would be used for fish screen design and installation completion on the North Unit Canal to comply with state and federal standards, reducing impacts to fish and wildlife in the area.	Deschutes County OR	\$9,309
U.S. Army Corps of Engineers	Funding would be used for dredging maintenance along on the Umpqua River to support economic development and job creation.	Douglas County OR	\$702
U.S. Army Corps of Engineers	Funding would be used to support use of an Submerged Traveling Screens crane.	Grant County OR	\$960
High Desert Partnership	Funding would be used to support for a biomass infrastructure project that will support the health of the forest, reduce the risk of catastrophic wildfire, and promote economic development in the community.	Harney County OR	\$638
U.S. Army Corps of Engineers	Funding would be used for critical repairs and modernization of the Cole Rivers Hatchery, which serves to mitigate the loss of salmon and steelhead habitat.	Jackson County OR	\$1,320
U.S. Army Corps of Engineers	Funding would be used for critical repairs and modernization of the Cole Rivers Hatchery, which serves to mitigate the loss of salmon and steelhead habitat.	Jackson County OR	\$10,560
Southern Oregon University	Funding would be used for equipment and permitting for the installation of solar energy at Southern Oregon University to increase their use of renewable energy and reduce tuition cost.	Jackson County OR	\$2,000
Medford Irrigation District	Funding would be used for the installation of floating solar for regional irrigation districts and low-income Oregonians in order to reduce energy costs, conserve water, and improve water quality.	Jackson County OR	\$1,120
Bureau of Reclamation	Funding would be used to conduct a feasibility study and environmental compliance of the Crooked River Water Quality and Supply Reliability Pumping Plant project to increase regional water supply and instream flow to the Lower Crooked River.	Jefferson County OR	\$3,445
Bureau of Reclamation	Funding would be used to update and develop a stormwater management master plan for the Klamath Falls Suburban Area to address runoff and incidental flooding.	Klamath County OR	\$560
Bureau of Reclamation	Funding would be used for water quality improvement project to enhance lake ecosystems and recreational usability.	Klamath County OR	\$2,000
U.S. Army Corps of Engineers	Funding would be used for dredging maintenance along on the Yaquina River to support economic development and job creation.	Lincoln County OR	\$2,249

City of Toledo	Funding would be used for the construction of two waste treatment modules as well as a manufacturing and technology center to train students, to build, maintain, sell, and ship modules nationwide.	Lincoln County OR	\$6,000
U.S. Army Corps of Engineers	Funding would be used for dredging maintenance along on the Willamette River to support economic development and job creation.	Multnomah and Clackamas Counties OR	\$374
U.S. Army Corps of Engineers	Funding would be used for the assessment of the Port of Garibaldi North Jetty to determine erosion and the likelihood of breach or damage, which compromises truck and vessel safety and efficiency, increases emissions, and jeopardizes Port revenue.	Tillamook County OR	\$330
U.S. Army Corps of Engineers	Funding would be used for dredging maintenance along on the Columbia River to support economic development and job creation.	Willamette River Valley OR	\$4,000
